GREAT RAYMOND HAD ANCESTOR'S HAND

CARBERRY AND NEILSON, NOVELTY SKETCH ARTISTS
Now Appearing at Bijou Theater in Pretty Rural Comedy Entitled "A Country Home"

A very ludicrous thing happened to the Great Raymond during one of his performances in Shanghai. One of the great magician's illusions is a dummy hand which is laid on a piece of glass, which, in turn, is supported by the backs of two chairs. Mr. Raymond as a rule gets a lot of fun out of this hand, both for the audience and for himself as it answers questions by tapping on the glass. On the night in question there was a large Chinese audience in attendance and during the hand trick an old woman who had been sitting in the front row screamed and rushed upon the stage, gesticulating wildly. She ran for the hand and secured it, hugging it tightly to her breast and started up the aisle toward the entrance doors.

Raymond finally secured his dearly beloved hand by paying the woman ten dollars as compensation. She said the hand belonged to a relative. It is now hoped that the Great Raymond, who is to appear at the Liberty Theatre for a short engagement commencing Wednesday night, July 17, will be more careful of the Chinese lady's ancestor's hand.

BOSTONIAN JRS. TO SEE VOLCANO

There are members of the Juvenile Bostonian Company who are in the game for art's sake rather than for the money consideration their efforts may entitle them to. Take for instance, Thom Hellen, who sings straight parts in the various operas presented by the company. Miss Helen is the daughter of parents who never knew what hard times means from personal experience. At home in Seattle she has her own auto, and enjoys her vacations touring the mountain roads within fifty miles of Seattle. Miss Lois Mason, whose yodeling has been so much admired by the Honolulu audiences, is the daughter of a wealthy farmer in Eastern Washington and she loves to sing, enjoys the hours before the footlights and the excitement which follows the rise of the curtain as well as during the preparation of a production.

Other girls in the company are well situated as far as this world's goods is concerned and some of them are planning their vacation which will begin after the arrival of the juveniles at Seattle. Since the company left Honolulu the management has had in preparation "Olivette," a delightful and sparkling comedy opera with plenty of joyous music. There has been rehearsal every day and it was only after rehearsal that the members were allowed to go tramping on the trails around Waiuku. From Hilo comes word that the trip to the volcano next Sunday depends upon how well the girls know their parts, for Mrs. Lang insists upon their being letter perfect as to words and business of "Olivette." With the trip as an incentive, each girl is going her utmost and more than one has said that it was the tempting volcano that brought them so far from the mainland. They will leave Hilo in automobiles early Sunday morning for the Volcano House and return Monday afternoon in time to catch the Mauna Kea for Honolulu, where they will appear at the opera house, Tuesday night, in "The Dream Girl." Seats will be on sale at the Promotion rooms next Monday.

City and County Clerk Kalanokalani was instructed by the board to enter into a contract with President Joseph Gilman, and it is predicted that the work of making Queen street a passable thoroughfare will be rushed to completion.

Despite the objections raised by McClellan, Low and one or two other members on the board, the proposition to pave this main artery of traffic with bitulithic went through with a rush last evening when the matter was brought up before a board meeting at which Supervisors Low and Kruger were absent.

McClellan and others favored creosoted wood blocks, but after a fight against a hopeless majority, the resolution appropriating \$26,000 for pavement with bitulithic was passed with a unanimous vote.

Call for More Schoolrooms. A call for additional schoolrooms is likely to fall upon deaf ears as far as the present Board of Supervisors is concerned, for the reason that there are no available funds to supply better and bigger quarters for the growing demands of pupils at the city and county schools.

Mrs. Fraser, principal of Kailani school, has asked the supervisors to supply a number of needed improvements at the Kailani and Maemae schools and to abolish certain annoyances. She asks for three new rooms for the Palama Hospital building to provide for 147 new pupils already enrolled for the September term, or four rooms if nothing is to be done for the Maemae school.

A storm sewer is advocated by the city engineer for Wyllie street, and the board has been asked to set aside an appropriation for the same. Mayor Fern announced last evening that he had signed the appropriation bill covering the general budget of municipal expense for the coming six months.

Engineer Whitehouse has been requested to submit estimates for the re-

management of the city and county schools.

Supervisor McClellan last night offered a motion instructing the superintendent to require all street railway companies operating within the city of Honolulu to sprinkle the track areas as provided in Act 46 of the Session Laws of 1907. The board passed the motion unanimously.

Bids were opened from two local concerns who are in the market to furnish the municipality with a complete set of band instruments. One by the Bergstrom Music Company, presented by W. D. Adams, was for \$2029.50. The other was presented by the Honolulu Music Company, the tender being \$2,164.15.

The bids were referred to the ways and means committee.

The Commercial Club announces that the Fourth of July will be ladies' day at the club.

Wong Ming, fined \$100 and costs by the District Court on the charge of selling liquor without a license at Waiawa on May 1, has appealed his case to the Circuit Court.

Lin Tai has appealed to the Circuit Court from the decision of the District Court, which fined him \$10 and costs on the charge of assaulting Ah Loy at Waiawa on March 31.

At the age of 16 a girl's idea of a hero is a youth who couldn't earn \$1 a month as a cigarette drummer. If a man ever thinks seriously of marriage it is after taking a hand in the game. A girl always likes to kiss a distant male relative merely to keep in practice. By following his own advice a man may succeed in remaining poor to the end. Even if a man is a "big gun" the wolf may camp on his doorstep. If you are unable to see any good in the world, consult an oculist. A blunt man is one who wastes no time in coming to the point.

pairs to Makiki ditch. This drain is pronounced in deplorable condition and a constant menace to the public health.

Bridge in Need of Attention. The board now faces a proposition of making immediate repairs to the bridge that crosses Nuuanu stream at Queen street. Supervisor Murray called attention to the fact that this structure must be replanked following upon the completion of the laying of a sewer main there. It is estimated that the job will require \$2500 to complete.

The board has accepted the proposition made by Honolulu plantation management to the effect that a sufficient strip of land for the proposed Moanalu-Puuloa road will be purchased at a cost not exceeding \$1100. S. M. Damon is to execute a deed for right-of-way through his property, the consideration being the return to him of the unused portions of the old road.

One hundred dollars was voted from the mayor's entertainment fund to decorate the city and county building for the Fourth of July, and from this \$100 an auto is to be hired to carry the supervisors around on the Fourth.
